REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on March 21, 2005 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach or suggest an adhesive-backed sticker, in claims 6 and 13, comprising a first section and at least one flap section with a fold line therebetween, wherein the flap section extends away from the first section, the two sections are of equal length but the first section is wider than the flap section at the fold line, the back of both the sections include an adhesive and upon folding the flap section onto the first section, a through-pocket is formed between the sticker substrate and the mounting surface in registry with the flap section. The sticker, in claims 8, 31 and 47, comprises the flap sections being within the perimeter of the first section and upon folding along the fold line onto the first section, a pocket is created. Claim 21 is directed to a kit comprising the sticker of claim 6 and at least one non-adhesive object to be removably received by the object. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
